WELCOME

AS THE MAYOR OF THE CITY OF SAN ANTONIO,

on behalf of my colleagues and the citizens I would like to thank you for considering San Antonio for your next meeting or convention. You may know San Antonio for the famed River Walk and the legendary Alamo, but you'll soon find that San Antonio has much more to offer. Our brand—Deep. In the Heart.—is built upon San Antonio's passion and pride for our diverse cultures, history, events, cuisine and Texas hospitality. Our people embody the spirit of friendliness and dedication, and it is our promise that you will experience flawless execution of a first-rate meeting experience that is both fun and fiscally responsible. San Antonio is a place that, for decades, has been a city of innovation and steady growth.

It is a place where people of different cultures and backgrounds have come together to build a city that is truly unique and authentic. Our growing economy is steeped in biosciences, information security, the military and education. San Antonio is a place where everyone is welcome and innovation is fostered. San Antonio looks like the America of tomorrow, and I hope you experience it.

Julián Castro
Mayor of San Antonio

San Antonio is what you might call a meeting destination for idealists—ever-improving, ultra-modern facilities, legendary hospitality, a walkable downtown, outdoor activities, and plenty of after-meeting entertainment. So if planning a meeting is in your future, San Antonio is the ideal spot to start.

As for ever-improving, the City of San Antonio is investing more than \$600 million in infrastructure enhancements directly related to the meetings and hospitality industry. The Henry B. González Convention Center is transforming to meet the needs of our evolving industry and in 2016 will showcase a total of over 500,000 square feet of flexible contiguous exhibit space, new meeting rooms and an approximately 55,000 square foot ballroom (the largest in Texas).

And we are not stopping there; the adjacent Hemisfair Park is also undergoing a re-imagining. As the convention center is completed, 12-acres on the west side of the building will be converted into a world-class urban green space with enhanced connectivity to the River Walk and the center, allowing attendees more opportunities to take advantage of our 300 days of sunshine each year and connect in a great outdoor setting.

We also know that a major portion of planning a meeting is getting attendees to and from the destination. With 26 million Texans, most attendees are just a car ride away and for everyone else, the San Antonio International Airport (SAT) is located only 8 miles from downtown (a short 15-minute ride) and averages 120 flights per day with more than 14,000 seats.

The airport itself is in the midst of a \$35.6 million comprehensive modernization making it even easier to get to and from San Antonio.

As a meeting planner, you'll get a taste of southern hospitality long before you check in. San Antonio has a reputation for genuine service, and visitors quickly realize that this reputation is taken seriously. As soon as you decide to plan a meeting in San Antonio, the SACVB will assign a dedicated destination service manager to your team who will gladly help with everything from the pre-meeting promotion to the airport sendoff—it's the kind of service that turns a good trip into an excellent and memorable one. And, in our opinion, it doesn't get much more ideal than that.

GREAT REASONS TO MEET IN SAN ANTONIO

With its elite service, convenient accommodations and world-class convention center, it's easy to see why San Antonio is the perfect place to host a meeting. The city offers meeting professionals and attendees a wide variety of unique venues and thrilling entertainment. So whether it's a small meeting or a major convention, San Antonio is the place to meet.

THE RIVER WALK: THE WORLD'S LARGEST HOTEL LOBBY

The San Antonio River Walk, known as the “world’s largest hotel lobby,” offers a beautiful and historic setting for networking, exploring and entertaining. Shaded stone pathways wind along the gently flowing San Antonio River through the city center, linking convention facilities, hotels, restaurants, shops, theaters and museums. While the original River Walk, in the heart of downtown, has been enjoyed by visitors for more than 70 years, the newest sections—the 1.33-mile Museum Reach to the north and the 8-mile Mission Reach to the south—provide even more to explore.

CONVENIENT ACCOMMODATIONS

More than 44,000 guest rooms in San Antonio are available in a wide array of properties. Luxurious downtown convention center hotels, boutique hotels in passionately preserved historic buildings and spacious Hill Country resorts and spas are just a few options to choose from. In 2013, AAA gave 18 San Antonio hotels, inns and resorts a Four Diamond rating. More than 13,700 rooms are available downtown. About 6,500 are within walking distance of the convention center, with 3,000 rooms nestled conveniently within a block.

UNBEATABLE SERVICE & HOSPITALITY

The San Antonio Convention & Visitors Bureau and hospitality partners welcome you with personalized attention and extraordinary service. Our destination service managers take a personal interest in each event, acting as an extension of your staff to ensure your meeting is a success.

HENRY B. GONZÁLEZ CONVENTION CENTER

When planning meetings, conferences and exhibits in the Henry B. González Convention Center, you will find endless options throughout the expansive facility, which is located right on the River Walk. Within easy walking distance of the city's renowned historic sites, hotels, restaurants and shops, the convention center also contains many unique venues. The Lila Cockrell Theatre, the Lonesome Dove Room and beautiful riverside patios all contribute to the diversity and flexibility of meeting and banquet space within the convention center. In 2013, the convention center began a transformation to meet the needs of our evolving industry with innovative design, new, more flexible space and advanced technology.

WALKABILITY

Once you've arrived in San Antonio, getting everywhere is easy. The compact downtown area is known for its convenience, whether you're walking along our historic streets, strolling on the lushly landscaped River Walk, riding a guided river taxi, or enjoying the scenery from an open-air streetcar. The only time your attendees will need to catch a ride is to and from the airport, and that is only 8 miles away.

NEW DEVELOPMENTS

San Antonio is constantly changing and improving, making upgrades to current buildings and adding new ones to provide even more options for meeting planners. Here is a glimpse at a few of the major projects taking place in San Antonio.

MISSION REACH

A dramatic transformation has taken place on the San Antonio River from downtown's southern edge, where the \$245-million Mission Reach project has restored eight miles of the river to meandering riparian woodland. This national model for urban ecosystem restoration is the only one of its kind in the country. It includes native trees and plants, picnic areas, canoe and kayak rentals and hike and bike trails that join downtown to four Spanish Colonial Missions. Now complete, the San Antonio River Walk stretches 15 miles through the Mission Reach, into the downtown core and up through the northern Museum Reach.

TOBIN CENTER FOR THE PERFORMING ARTS

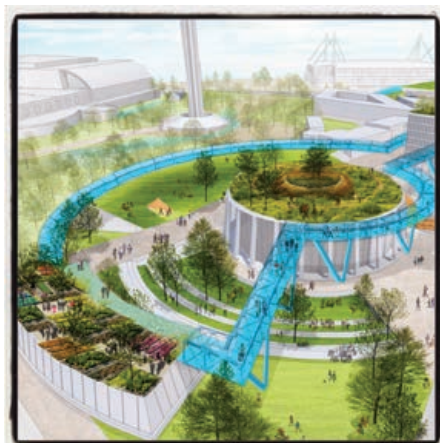

Set for completion in the fall of 2014, the much-anticipated Tobin Center for the Performing Arts will provide a new destination on the River Walk with the flexibility to accommodate groups and events with a wide variety of seating and entertainment options. Redesigning and rebuilding the former Municipal Auditorium for the \$100-million Tobin Center means the city will now have an exemplary venue for music, dance, theater and performance art, as well as a new home for the San Antonio Symphony. The building design will create River Walk Plaza, a setting for 600 seats outdoors with a river taxi portal. The interior will feature a 1,750-seat box tiered performance hall and a multi-purpose 250-seat studio theater/community room.

SAN ANTONIO INTERNATIONAL AIRPORT EXPANSION

Terminal A at the San Antonio International Airport is undergoing a comprehensive \$35 million renovation with completion scheduled for the spring of 2014. Updates are being made to the interior spaces, infrastructure and wayfinding. New restaurants consist of well-known national brands, local flavors and new concepts unique to San Antonio International Airport. Reconfiguration and expansion of the TSA queuing area is planned for quicker and more efficient passenger processing.

HEMISFAIR REVITALIZATION

The revitalization of Hemisfair Park will include 18 acres of parkland adjacent to the Henry B. González Convention Center featuring an interactive and artistic play environment that integrates fitness, botany, archeology and physics with San Antonio's history and culture. The expansive green open space will invite activities from play and picnics to musical performances and cultural festivals. Strolling down newly reinstated streets will reveal charming coffee houses, galleries and boutiques that embrace the authentic character of San Antonio. Completion deadlines are set for 2015 for the interactive Play Escape and 2018 for the large Civic Park—the Front Porch of San Antonio—for the city's tri-centennial celebration.

SAN ANTONIO'S GREEN HOTELS ARE THRIVING

The Éilan Hotel Resort & Spa's sustainable design has earned it Leadership in Energy and Environmental Design (LEED) Silver status.

The Drury Inn & Suites near La Cantera is a LEED-Certified Green Building, as is the JW Marriott San Antonio Hill Country Resort & Spa, which features ecologically friendly golf courses and 70 percent of the resort's energy needs are powered by Windtricity. The Holiday Inn Northwest/SeaWorld is on track for LEED Certification.

Environmental practices of the Grand Hyatt and the Hyatt Regency Hill Country Resort & Spa have earned both properties four "Green Keys" from the Green Key Eco Rating Program. Westin La Cantera Hill Country Resort offers guests a \$5 voucher at participating food and beverage outlets when guests opt in to the Make a Green Choice program and decline housekeeping services. Hotel Valencia River Walk uses products made from recycled materials, serves locally sourced foods and offers free valet parking to drivers of hybrid vehicles.

RAVE REVIEWS

= Texas Electric Cooperatives has used the hotel for many years for meetings ranging from 12 attendees to over 300 attendees. Without exception, the hotel has been our first choice for downtown San Antonio. I attribute this to their outstanding staff who ensures that each and every guest feels welcome and has the best experience ever.

PRIVATE DINING

DID YOU KNOW?

While enchiladas, tacos and fajitas are traditional favorites in San Antonio, our culinary choices have expanded greatly with creative chefs importing and combining flavors and ingredients found throughout Mexico and Latin America.

Azuca Nuevo Latino, for example, brings together the cuisine and ambiance of the Caribbean, Central America and Latin America. Rosario's engages your tastebuds with dishes like fish tacos topped with chipotle mayo and cabbage lime slaw. El Mirador has been serving authentic Mexican food since 1967 and is well known for a wide variety of delicious soups, including black bean soup with spices, diced purple onions and crème fraiche. Ácena puts a contemporary spin on Mexican cuisine and offers a Latin drink menu featuring prickly pear margaritas and more than 30 premium tequilas. La Gloria at the Pearl is known for recipes based on street foods from the interior of Mexico, including ceviche, tacos and tortas. Nao, the Culinary Institute of America's restaurant at the Pearl, showcases Latin American flavors using fresh and seasonal ingredients.
